The APH Parts Catalog consists of the most commonly requested replacement items for APH products.

In addition to the catalog, you can find replacement and optional parts on our website by:

Click to expand the tab, and you will see a list of the parts for that product, with links to the page where you can purchase that item. As new products are added, those replacement parts will also be added to the shopping site.

If you are using a credit card, you can place that order directly on our website. To pay by check, money order, pre-approved purchase order, or signed Federal Quota order, please contact our Customer Service staff by calling 1-800-223-1839, or emailing po@aph.org. Please do not send cash or email your credit card number.

WEB CHASE™

GAME INSTRUCTIONS

Ages 5 and up/2 to 4 players

Welcome to ***Web Chase™,*** a board game that poses a great challenge for any hungry spider wanting to capture and eat a lot of prey. Only the spider that has the perfect weave of luck and skill will win the race for the most insects and become the Master of the Web.

Intended Audience

Web Chase can be played by any child, ages 5 and older, however, its primary goal is to allow children with visual impairments and blindness to develop needed tactile skills within a fun context. As players navigate their hungry spiders through an insect-laden web, they learn to do the following:

- Trace various *raised lines* (that make up the web)
- Identify *point symbols* (on the spider tokens)
- Discriminate *textures and shapes* (of various prey)

Other concepts and skills promoted include visual and tactual scanning, directionality, one-to-one correspondence, turn taking, counting, reading, sorting/organizing, problem solving, strategic planning, interpreting legends/keys, symbolic understanding, and following directions.

So don't keep your spider waiting...Read these instructions and start devouring those insects!!

⚠ WARNING: CHOKING HAZARD - Small parts. Not for children under 3 years. Use under adult supervision.
